

## LEO LEG PANEL

### APPLICATION

MOLLE/PALS compatible mounting platform, to be worn on the thigh. It can be used for attaching, for example, a first aid kit, secondary weapon holster, or mag pouches.

### PROPERTIES

Very wide - contains 3 rows of 9 PALS cells. Thanks to the grid design, the panel does not restrict air access to the bottom. Flexible adjusting tapes keep the panel in place even in violent movement. Provides easy access when in the kneeling position. The Swivi Lockster buckle allows you to quickly unclip the panel, increases the range of movement and comfort of use. Suitable for use with tactical belts and casual trouser belts.

### MATERIALS

<b>Fabrics:</b>	Construction mesh
<b>Webbing:</b>	Polyamide 25 and 40 mm Elastic 40 mm
<b>Buckles:</b>	Duraflex
<b>Finish:</b>	Trimming
