

RIFLE MAG INSERT

APPLICATION

Universal inner mag pouch, mounted inside vest, chestrig or cummerbund belt. Increases the ability to move magazines without using PALS cells. Holds 1 cartridge for intermediate round.

PROPERTIES

The external velcro strap stabilizes it in spaces covered with materials with similar to velcro properties and maintains its position when several are used. Thanks to its elastic tape construction, the empty pouch automatically compresses. Ability to thread additional rubber to protect the magazine from falling out.

MATERIALS

Fabrics:	Cordura
Webbing:	Polyamide 40 mm
	Velcro 50 mm
	Elastic 100 mm

AVAILABLE COLOURS

- Olive green
